# **Bio-Finish 10**

---

**PRODUCT DESCRIPTION:** Bio-Finish 10 is a 100% natural based product; an all weather, non-staining release agent for easy void free and smooth release of concrete. Bio-Finish 10 yields very high quality architectural concrete finishes. The release provides corrosion inhibition of steel forms, very high heat resistance with no powdery residues. Bio-Finish 10 is also shipped with no red label due to the solvent now used.

---

**AREA OF APPLICATION:** Apply Bio-Finish by brush, roller, sprayer, lightly oiled mop or by fogger on steel, sealed concrete, coated wood and fiberglass molds, Plexiglas and other synthetic mold surfaces. For the ultimate in positively void-free snow white smooth castings. Bio-Finish yields a soft clean appearance and can be used on white or gray cements surfaces with equal results.

---

**DIRECTIONS:** Remove any oil or grease residues from the form surface left from previously used releases. Apply Bio-Finish onto the forms at a rate of 1,500- 3,000 sq.ft. / gal. Wipe out excess oil with a slightly oil moistened mop or rag when not applied using pressure sprayers.

---

**TECHNICAL DATA:** Appearance and odor: Light Amber in color. Specific gravity is between 0.84-0.88. Flash point - 300' F. Solubility in water, insoluble.

---

**SHELF LIFE AND STORAGE:** Two years from manufacturing date in closed original container.

---

**PACKAGING:** 5 gal. Steel pails, 55 gal. Steel Drums and 275 gal. totes

---

**SAFETY:** Keep away from direct flames or sparks. Store in cool dry area.

---

**SHIPPING CLASSIFICATION:** **Not regulated for transport**
